JAP SURRENDER EXPECTED IN 90 DAYS

Meandering Along the Main Stem

By WASH FAYETTE

Jim Finney, superintendent of the Washington C. H. sewage disposal plant, is thoroughly convinced that there are some sizeable leaks or breaks in that famous intercepting sewer which extends along and in Paint Creek from near the Oakland Avenue Bridge to the plant east of Elm Street.

Jim has thought that something has been wrong for some time, because the pumps are moving about 4,000 gallons of water per minute, instead of around 2,000, which should be about a normal flow in the sewer.

This indicates that the pumps are being called upon unnecessarily to handle as much again water as they should pump.

One day this week Jim found a 3 1/4 pound carp in the "well" at the main pumping plant of the sewage disposal plant.

The carp had entered the sewer through a break in the main which permits water from Paint Creek to rush in, it seems and if the big fish could enter the break, Jim is convinced that a lot of surplus water could also enter.

And, apparently, it is one of many places where water is entering the intercepting sewer at places other than the sewers which it receives, although several breaches in the sewer have been repaired in the last year, and a great deal of the surplus water shut out.

"Now I know what made that package of beans weigh so heavily," said a local woman, as she exhibited 34 small stones, ranging in size from half the size of a bean to twice as large.

"I bought a package of pinto beans the other day, and have cooked two cupfuls of them. These stones were picked from the two cups of beans, and when I took the remainder of that five pounds, I expect to find enough stones to weigh half a pound, and that is quite a collection of stone in any beans," she said.

It is not uncommon to find a few small stones in beans, but when it comes to 34 of them in two cupfuls, I think it is time to raise a kick," continued the woman, who believes someone somewhere along the line might have added the stones which were not detected by the dealer in placing them in bags.

DRAFTING OF MEN WITH ONE EYE SEEN

All Are To Report for Production Exams

COLUMBUS, June 15.—(AP)—Ohio Selective Service headquarters said today draft boards had been instructed to send up for preinduction examinations men 18 to 26 years of age who are blind in one eye.

Heretofore registrants with this disability have been rejected as unfit for general military service.

Selective Service emphasized that the order applied only to men who had lost the vision of one eye and not to those who had lost an eye.

If the examination shows sight in one eye is satisfactory, a registrant will be labeled as qualified for such military service as the army may feel he can perform.

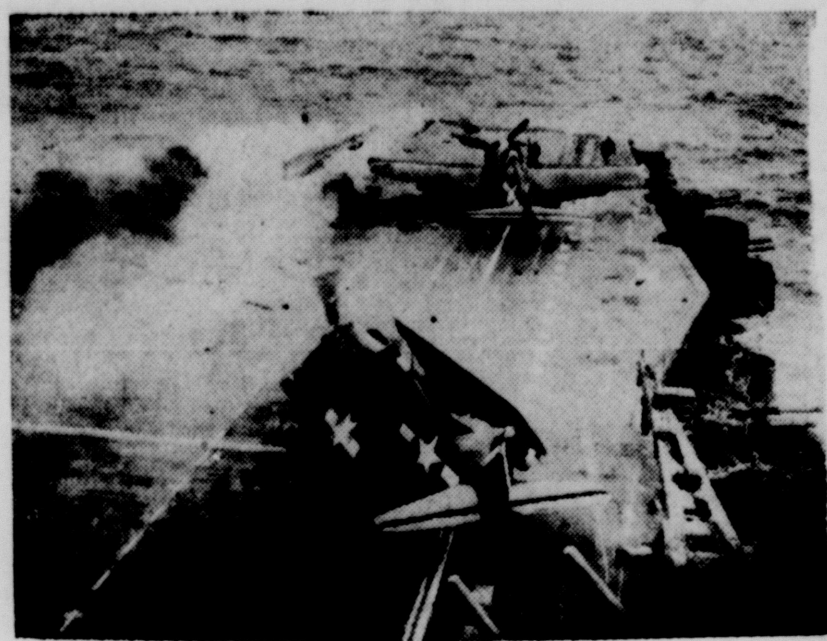

FANCIER FOOTWEAR FOR WOMEN COMING

WASHINGTON, June 15.—(AP)—The War Production Board gave its consent today for a return to fancier types of feminine footwear.

More plentiful supplies of two tone spectators' reptile shoes and huaraches may be expected to result from the relaxation, WPB said. In addition, the agency lifted its ban on manufacture of shoes with fancy stitching, lacing, overlays, gillie ties and other decorative styles.

No important leather-saving measures are removed by the amendment, WPB said, since leather remains in critically short supply.

Saratoga Takes Beating Off Iwo Jima..Survives

THE NAVY AIRCRAFT CARRIER U. S. S. SARATOGA fought through three years and three months without suffering an enemy bomb hit, but on February 21 her luck ran out. Operating off the coast of Iwo Jima the veteran flatfoot sustained seven Jap hits. She made her way back under her own power to Puget Sound Navy Yard at Bremerton, Wash., where she was pronounced the "most extensively damaged vessel" the yard had received. Photo at left shows smoke rolling back from fire ignited by Jap hits on the Saratoga as confusion descends on the port side of the forward sector of the flight deck. Center photo shows firefighting parties battling flames on the carrier and the photo at right shows billowing clouds of smoke rolling up from the carrier as crewmen work to extinguish flames. School Bill Fight Nears Climax in Legislature

By REED SMITH

COLUMBUS, June 15.—(AP)—The House of Representatives, working an extra day this week, turned today to the Daniels-Cramer school bill amid expectations that it would become law despite Gov. Frank J. Lausche's veto. The Senate overrode the veto 21-10 last Wednesday and the House, which previously voted 105-20 for the measure, needs only 82 affirmative votes to complete final passage of the legislation providing \$111,000,000 for schools in the current biennium, a sum its sponsors said was a 9 percent increase over the previous two years.

The House yesterday passed and sent to the Senate a postwar building program calling for expenditure of \$73,231,448 from the state's \$92,000,000 surplus to provide re-

Hitler's Arrogant and Dandified Foreign Minister Without Friends or Clothes When Caught - - No Attempt Made To Use Can of Poison Strapped to Nude Body

By DANIEL DE LUCE

FIELD MARS AT MONTGOMERY'S HEADQUARTERS, Germany, June 15.—(AP)—Nazi Foreign Minister Joachim von Ribbentrop was captured yesterday as he slept nude in a Hamburg boarding house, bringing to a close the most intensive manhunt in Europe since V-E day.

Joachim von Ribbentrop

Von Ribbentrop, understood to be wanted by the governments of at least 10 nations to stand trial for war crimes, was the last top-ranking Nazi known to be alive who had eluded capture. A can of poison was found strapped to his body, but he surrendered this voluntarily.

The dandified former Champagne salesman who became the engineer of Hitler's arrogant foreign policy, had been hiding in Hamburg since April 30. The man who had imposed his diplomatic will on Europe had not a friend in all of Germany's second largest city who would assist him actively in obtaining refuge.

Von Ribbentrop said he had intended to hide until British feeling about him died down, and then attempt to save his life in a trial. He went to a wine merchant friend, he said—a man who had known him 25 years. The merchant shunned him. Von Ribbentrop, using the name "Riese," got lodging with an unsuspecting landlady.

By keeping the arrest secret over night, British sleuths who had tailed Von Ribbentrop across much of western Germany managed to arrest his sister. Today in a hysterical scene she identified the foreign minister.

A special plane was promised today to fly correspondents to the secret interrogation camp where Ribbentrop is being held, but correspondents will not be permitted to talk to him. Ribbentrop was expected to be taken to Luenen Airfield today on the first leg of his journey to an English prison.

Found on Ribbentrop were three letters, addressed respectively to Field Marshal Montgomery, British Foreign Secretary Anthony Eden and to Prime Minister "Winston" Churchill.

Hitler's foreign minister was believed to have been the man who influenced the German leader to risk the wrath of Britain and France in 1939.

EUROPE INVADDED BY COOPERATION

Gen. Eisenhower Now Reveals Many Were Skeptical

SUPREME HEADQUARTERS ALLIED EXPEDITIONARY FORCE, June 15.—(AP)—Gen. Eisenhower told a press conference today the Allied invasion of Europe last June succeeded only because the air, sea and ground arms fought as a single, unified force.

The supreme commander said many Allied officers actually had doubted that an invasion of Europe was possible.

The cooperation of all arms which made the feat possible, he added, was carried on through V-E day.

The Germans finally knew the "jig was up" in Europe on the third day of Field Marshall von Rundstedt's December counter-offensive in the Ardennes, when the German commander "realized he couldn't go where he wanted to go," Eisenhower added.

When they found themselves whipped in the Eifel mountains and the Saar, he said, the Germans were convinced they could not even fight a defensive war.

Eisenhower said that Allied soldiers in Europe had won a peace they earnestly hoped would be preserved.

These were the high points in the conference: The continued application of the non-fraternization rule in the Reich depends upon how soon Nazi elements are wiped out.

The German nation as a whole has "no sense of war guilt," and, "while many Germans closed their eyes to atrocities, many others did not."

Mayor and Court Differ On Municipal Utilities

CLEVELAND, June 15.—(AP)—In the opinion of Mayor Thomas A. Burke of Cleveland, the Ohio Supreme court "erred in two respects" when it ruled recently the City Transit System was subject to taxation.

In a broadcast last night, Mayor Burke declared:

"It is my belief that the Supreme court was erroneous in assuming that a municipally-owned transit system is not a public utility but a private competitive business for profit."

"First, under provisions of the city charter, the city of Cleveland cannot operate a transit system for profit. Under the rate of fare section, there is provision that the rate of fare shall be such as will enable the City Transit board to operate the system."

"Second, the court erred in its belief that in three years of city operation the revenues had produced a net income sufficient to pay off nearly one-third of the bond issue."

"The moneys used in paying off the bond issue were intended for the improvement of the system. Due to war restrictions, this could not be done. Business prudence dictated that, to save the citizens unnecessary payment of interest, the funds which could not be used for purchasing new equipment should be diverted to pay off outstanding bonds prematurely."

"It is contemplated that moneys which had been used in paying off (Please Turn to Page Six)

Oldest U.S. Carrier Hit By Bombs and Jap Suicide Planes

Fire Adds to Blast Ravages To Make 'Old Sara' Most Extensively Damaged Vessel Received at Puget Sound Navy Yard — 315 Casualties

By POPE HALEY

WASHINGTON, June 15.—(AP)—The Navy disclosed today that the famous old aircraft carrier Saratoga had sustained tremendous damage in the early stages of the battle for Iwo Jima.

But she now has been fully repaired and is back in there, pitching again.

Seven direct bomb hits, including some by suicide-planes, struck the carrier, causing 315 casualties, including 123 killed, missing or dead of wounds, and 192 wounded.

On February 21, two days after Iwo Jima D-day, she was cruising with a fast carrier task force group northeast of the island. Four days earlier her planes had joined in plastering Tokyo.

The Navy described the action against "Sara" as one of the most concentrated attacks in which a carrier has survived, which might have sunk any other ship.

"The Saratoga," said the yard's hull superintendent, "was the most extensively damaged vessel the Puget Sound Navy Yard has received."

The carrier was launching her planes in the Iwo Jima action when an estimated nine or 10 Japanese bombers closed in. Four were shot down but four others managed to crash and bomb the ship. A fifth, after it was knocked down alongside the vessel, came off the water and exploded, tearing a large hole in the carrier's side. A bomb from another plane blew a hole in the ship's side below the waterline, rupturing many fuel oil lines. Water rushed in, and the ship took a six degree list.

Fires broke out and burning planes and fuel scattered over great areas of the ship," the navy report said. "The forward part of the flight deck was battered beyond use. One enemy suicide penetrated the side of the ship in-

Freak Accident Happens When Freight Car Jumps to Passenger Tracks

WILLIAMSPORT, Pa., June 15.—(AP)—At least 17 persons were killed and 32 injured early today when the 34th car of a freight train jumped the tracks and fell on adjoining tracks ahead of an onrushing Washington - Buffalo passenger train, Pennsylvania Railroad officials said.

More than 200 persons were shaken up when the locomotive and the first six cars of the passenger train were derailed at Milton. Many of the passengers were trapped in the wreckage, where they remained until freed by railroad crews. Officials said 21 cars (Please Turn to Page Two)

FAMILIES TO JOIN MEN IN SERVICES SOON

War Department Includes Fiancées in Promise

WASHINGTON, June 15.—(AP)—The War Department promised today to allow families and fiancées of servicemen in occupied Europe to join them "when conditions permit."

In a letter to Rep. Margaret Chase Smith (R-Me.), John W. Martyn, administrative assistant to Secretary of War Stimson, said: "You may be confident the War Department is fully aware of the desirability of dependents and fiancées proceeding to Europe and will certainly relax the present restrictions when conditions permit."

Mrs. Smith had suggested wives be permitted to join husbands who are assigned for a period of one year or more. She said her proposals would include fiancées who would go to Europe to marry and remain with their husbands.

The congresswoman said her proposal is "prompted by my desire to prevent further disintegration of the American home and the American family life."

Martyn said: "The present War Department policy prohibiting the travel of civilians to Europe for the purpose of joining military personnel upon whom they are dependent is made necessary by reason of the shortage of transportation."

On the China coast, Chinese reported they were attacking the Port of Wenchow. Japanese, including the garrison that abandoned Foochow 175 miles down the coast, were reported already withdrawing from Wenchow toward Shanghai.

On the south coast, Chinese entered one and lost two towns at the approaches to Canton and Hong Kong. American military sources said Chinese reentered Ishan.

Australians virtually completed conquest of their major objectives on northwest Borneo by occupying Brunel, capital of Brunel Protectorate. The enemy garrison had fled southward toward flaming oil fields. The Aussies were half a mile from Timbalai airfield, their only remaining initial objective.

BOMB ATTACKS ON JAPAN WILL BE STEPPED UP

Jap Ground Forces Crack Up on Okinawa and Withdraw in China

By LEONARD MILLIMAN

Superforts set fire to Osaka in a 3,000 ton incendiary raid today as Gen. H. H. Arnold promised bombing attacks would be stepped up to a rate of 2,000,000 tons a year, making Japan "a terrible place to live in."

Japanese ground forces began to crack up on Okinawa, fled on Borneo, and withdrew on two vital China fronts, and still fought stubborn delaying actions in the Philippines.

American military leaders were quoted in Washington as expecting that "either Japan will surrender within the next 90 days or the war will be of long duration—a matter of attrition." The

BIG THREE IN BERLIN

LONDON, June 15.—(AP)—Maj. Clement R. Attlee disclosed today that the Big Three meeting will take place in Berlin.

Attlee, former deputy prime minister and present leader of the Labor opposition, made the disclosure in a letter to Churchill accepting the Prime Minister's invitation to attend the "prospective conference in Berlin."

words are those of Rep. Cannon (D. Mo.) chairman of the House Appropriations Committee.

General Arnold, chief of army forces on a tour of Superfort bases in the Marianas, said the B-29s will wreak "utter destruction" on Japan.

In about two weeks, he promised, power of their attacks will be stepped up to 2,000,000 tons a year. This means that every two weeks the Superforts will let loose a bomb tonnage equalling the entire weight of explosives they have thus far rained on Japan.

Already, said B-29 Commander Maj. Gen. Curtis Le May, Superforts have heavily damaged the five cities that Arnold said must be destroyed—Tokyo, Yokohama, Nagoya, Kobe and Osaka. "It is just a matter of time," Le May said, "until we get everything of value in Japan."

Today they got machine tool, chemical, propeller plants and other war industries in Osaka and neighboring Amagasaki. The strike on Japan's greatest industrial city was made by 520 Superforts on the first anniversary of their initial raid on Nippon. Tokyo admitted fires were started.

Will To Fight Gone

From Okinawa, Associated Press War Correspondent Al Dopping reported that "all along the front there were unmistakable signs that the Japanese will to fight was broken."

Hundreds surrendered. Scores killed themselves. Others were shot in the back by their comrades as they tried to give up.

Three American divisions closed in on the enemy's southern mountain fortress, led by the 96th Division which captured Yaeju Hill, highest point on the escarpment, and drove toward the second highest peak. To the southeast the Seventh Infantry drove into Nakaza town.

On the western flank the First Marines widened their hold on Kunishi Ridge in a pre-dawn attack and fought off a series of daytime counterattacks. The devil dogs were under continuous heavy fire.

On the China coast, Chinese reported they were attacking the Port of Wenchow. Japanese, including the garrison that abandoned Foochow 175 miles down the coast, were reported already withdrawing from Wenchow toward Shanghai.

On the south coast, Chinese entered one and lost two towns at the approaches to Canton and Hong Kong. American military sources said Chinese reentered Ishan.

VIOLENT WIND STORMS SWEEP THROUGH COUNTY

Lightning, Rain and Hail Also Occur During Thursday Night

The worst windstorm in years swept through northern Fayette County shortly before midnight, Thursday night, leaving a trail of broken and uprooted trees, damaged telephone and electric light wires, and twisted wheat in its wake.

At the same time most of northern Fayette County and parts of the remainder of the county were drenched with heavy rainfall, and some damage was done by scattered hail storms and lightning.

In Washington C. H. only .35 of an inch of rain was recorded, but the heavy wind twisted scores of branches of trees off and hurled them into the streets and upon lawns.

Apparently the most violent windstorm of the series that swept through the county was in Jefferson and Paint townships, three or four miles north of Jeffersonville, and the main storm was about a mile in width, and left scores of uprooted and otherwise damaged trees to mark its course.

Two or three trees completely blocked highways in that area, and it was necessary for the road crews to remove the trunks to restore traffic.

Over an area many miles in extent the storm was accompanied by one to two inches of rain that fell over a period of two hours, adding to the already thoroughly soaked area in northern Fayette, where several heavy rains have occurred this week, halting all farm work until sometime next week.

The great rainfall in northern Fayette was sending the streams higher Friday, most of them were running bank full of muddy water.

Water is standing over large areas in northern Fayette County. Part of Southern Fayette was given a thorough soaking Thursday night, and wind was unusually heavy in some parts of that area.

The rains and windstorms followed the hottest day of the season to date when the mercury reached 94 degrees, or the same mark attained on the same date last year.

In southeastern Fayette County, but more particularly in Ross County through the Frankfort area and between that town and Chillicothe, two heavy windstorms damaged or uprooted hundreds of trees Thursday afternoon and night.

The Chillicothe highway was partly blocked in several places, according to local residents who passed over the road late in the night.

NO PAPER PICKUP IF IT'S RAINING

Boy Scouts Plan Collection Saturday Morning

If it rains Saturday, there will be no Boy Scout paper drive, because soggy scrap paper does the war effort no good.

Cub Scout dens as well as Boy Scout troops will make the collection if weather permits, however. The money will go toward building up of troop equipment.

The business section will be canvassed about 9 A. M. while the residential collection will begin around 8 A. M. and last nearly all morning. County and state highway trucks are to be used. The scouts are to meet at Gardner Park at 8 A. M. where Rev. John K. Abernethy, who is in charge of the drive, will give them last minute instructions.

to the hangar deck where he exploded to cause a great fire. The crane forward of the bridge, the catapults and many guns were battered by the crashing planes and exploding bombs. Wreckage falling into the gun galleries on the side of the ship caused further fires there.

However, the carrier was able to proceed.

Many heroic acts prevented even greater casualties and damage. An officer and two enlisted men were lowered over the ship's side to fight flames, and with the vessel under way at 25 knots they managed to bring the fire under control.

However, about an hour and a half after the first attack, with darkness setting in, more enemy planes appeared and one dropped another bomb on the stricken carrier before crashing. Severe damage from the second attack was soon brought under control, and the Sara was able to receive her airborne pilots.

The Saratoga suffered her first battle damage when struck by an enemy torpedo between the Hawaiian Islands and beleaguered Wake Island shortly after Pearl Harbor.

She rejoined the fleet after the battle of Midway. Her next important assignment was to provide air cover for the invasion of Guadalcanal and fight off the Japanese counter attack in the battle of the eastern Solomons, during which her planes sank the Japanese carrier Ryuyoku. During patrol she took another submarine torpedo which again laid her up.

She provided air support for the Marine landings on Bougainville, and with the carrier Princeton made the two carrier strikes on the Japanese naval base at Rabaul.

Her next assignments were air support of the landings in the Gilbert and Marshall Islands, and in the spring of 1944 she embarked on a 9,000-mile cruise to join the British far eastern fleet in the Indian ocean. She joined with the British carrier Illustrious to deliver two heavy raids on enemy bases in the Netherlands East Indies.

The Saratoga returned to the Pacific early this year under command of Capt. L. A. Moebus, Lima, Ohio, and took her place with more than a dozen other carriers in Vice-Admiral Marc A. Mitscher's task force 58, which blasted Tokyo in February.

Following that action the Saratoga was moving south to support the two Jima landings when she suffered the crippling attack by enemy planes.

was the greatest general the Allies faced; the late Field Marshal Rommel was bold but unskilled; German military men did not re-

spect Hitler's strategic planning but in 1943, particularly, Hitler ran his campaigns almost alone.

The Allied armies were the best equipped in the world, but German Tiger and Panther tanks were superior in head-on slugging matches until the Pershings came into the field.

The supreme commander's most anxious night was that November 7, 1942, when the Allies invaded North Africa.

One of the most soul-shaking decisions was the order to go ahead with the Normandy invasion on June 6, 1944, in the face of adverse weather reports.

There were no direct peace feelers from Germany before Grand Admiral Karl Doenitz's representative came through to Reims.

of the freight also left the track. Acetylene torches were being used to cut into the passenger coaches and extricate bodies. Officials said it would be "at least several hours" before all the dead were released and "maybe longer before they are identified."

The wreck occurred shortly after 1 A. M. Officials said the freight train had stopped at Milton a few minutes earlier and was moving at a low rate of speed while the passenger train's speed was estimated at 55 miles an hour.

Pic. Lester Calvert, en route to Buffalo, said the crash was "louder than anything I heard on European battlefronts."

James R. Double, 48, Washington, D. C., toolmaker, whose wife, Mildred, was injured, said: "We were in a coach with between 40 and 50 other passengers. Our car was about in the middle of the train."

"There was a terrific jolt, our coach went off the rails, rolled along several hundred yards and

then keeled over, leaning against the freight train. It was a lucky coach."

"The flooring was shoved up until it almost met the ceiling and one side was pushed in."

"Many persons were tossed out of their seats onto the rising floor."

"Thanks to soldiers on the coach everyone seemed to keep cool because they could see that the soldiers were doing a swell job of getting us out."

H. L. Nancarrow, general manager of the Pennsylvania Railroad's eastern division, said preliminary investigation indicated a broken journal on the 34th car of the freight train, carrying 103 loaded cars caused the freak collision.

JAP SURRENDER EXPECTED IN 90 DAYS; AIR WAR TO BE STEPPED UP SOON

(Continued From Page One)

Hong Kong was lit up by 435 drums of jellied gasoline dropped by Liberators from the Philippines. North of Japan, Matsuwa Island in the Kuriles was shelled twice by American carriers and cruisers which fired the first time through a thick fog curtain.

Knockout Blow

A force of 520 Superforts fought weather—so thick it broke up their formations—halfway to Japan and back again today to unload 3,000 tons of incendiaries in what they hoped would be a knockout blow to Osaka, Japan's greatest industrial city, and neighboring Amagasaki.

Bombardiers released their incendiaries by instruments. Clouds were so thick they blotted out any view of the resulting fires, which Tokyo admitted were started at "a number of points."

The weather was typical of what can be expected for the next several weeks.

It was so thick the fliers "couldn't keep formations of more than two planes," said Capt. Charles B. Miller, Richmond, Va.

No airmen reported seeing enemy interceptors and only one flier in the 314th wing reported seeing flak.

Tenth army forces strove for a quick knockout glow on the supreme command post of the tottering Japanese defense on Okinawa today as signs pointed with increasing certainty to the folding up of the doomed garrison.

The 96th division, supported by flame throwing tanks, captured Yaeju Peak, the highest promontory of the Yaeju-Dake last ditch defense escarpment, nicknamed "Big Apple" by the Yanks.

The hill overlooks the plateau

which was the enemy's principal defense ground on the southern line.

Only the advance of the seventh division moving in from the east flank to high ground on the left of "Big Apple," remains to set the stage for sweeping the enemy from the plateau and onto the slopes which lead toward the sea.

Two Day, or Two Weeks

Maj. Gen. Pedro Del Valle, commander of the Marine first division which holds Kunishi Ridge on the right flank, commented that the Japanese may be "crushed in two days—or two weeks. It all depends on how lucky we are."

Japanese troops abandoned Brunei city and Australians have taken it without a fight, virtually completing conquest of all major objectives in the northwest Borneo invasion.

Enemy forces, avoiding a showdown fight, streamed south toward the Seria and Miri oil fields, but a few hundred Nipponese on Labuan Island at the northwest entrance to Brunei Bay sniped at dismounted cavalry commandos. The commandos were less than half a mile from Timbalai airfield—last initial objectives.

While Royal engineers hurried work of converting Labuan airfield into a bomber base within 800 miles of Batavia and Singapore, Philippine based bombers struck at Saigon, Indo-China, and Hong Kong. Fifty Liberators dropped jellied gasoline on Hong Kong's causeway and small boat basin in the heaviest fire strike Hong Kong has yet suffered.

THE WAR TODAY

By DEWITT MACKENZIE

By J. M. ROBERTS, JR.
(Substituting for MacKenzie)

Premier Suzuki of Japan is rejoicing because his people "have come to concern themselves with the fate of the nation." He, says he, never agreed with those who considered the Okinawa fight climactic. He, says he, is going to win a great victory even if there are no Japanese left alive to enjoy it.

In this he can be assured of the utmost in American co-operation. Such as that just promised by General Arnold and LeMay, who are preparing to send Mr. Suzuki and his people two million tons of bombs in the coming year—a rate of bombing seven or eight times greater than at present.

All the Japanese have to do, says Suzuki, is to smash the American forces at sea, then when they come ashore (presumably after being smashed at sea) smash them again right there, and then after these (presumably smashed) forces have attained the land, smash them again. MacArthur and Nimitz combined could not display a cleaner insight into what it will take to whip the Americans.

Do you suppose Suzuki can be hoping to win this war by making us die laughing?

Seriously, it is not a good thing to sneer at or make fun of an enemy even when he talks this way. It leads to overconfidence, which already has cost us dearly at certain points in this war. It leads to such things as the reductions in tank and ammunition production before Germany was whipped. It leads to nations which begin to feel so "superior" that they get themselves into quite untenable positions, as Adolf Hitler might testify.

Actually, Japanese mettle has proved serious, and is likely to be more so in the homeland. One thing is certain. There is no laughing among the boys doing even the small-scale fighting which has occurred so far.

It may be hard to keep from laughing from time to time at Japanese political antics, but even the funniest of their admirals and generals are likely to provide us with some very sober moments.

Dessert - Bridge Honors Guest On Thursday

Mrs. Rufus D. Short, of Zanesville, was complimented during her visit here with her parents, Dr. and Mrs. Neil B. Jones, when her sister, Miss Dorothy Jones entertained Thursday afternoon with a dessert-bridge. A pink and green color theme predominated in the pastel shaded decorations of each small table where the guests found their places upon arrival.

Mrs. Short made a pleasing picture as she greeted the guests wearing a smartly tailored yellow silk jersey afternoon frock while the hostess, who received with her, chose a chic lime green cotton two-piece frock.

An hour of chatting and discussing past events in the lives of the congenial assemblage was prolonged at four small tables, each centered with a corsage of pastel-shaded flowers, which were later presented to the bridge high score winner at each table. The pleasant hour at the tables was highlighted when the hostess served delectable confections and coffee to her appreciative guests who welcomed this opportunity to visit with Mrs. Short, whose visits here are always anticipated.

At the conclusion of an afternoon of especially keen competition, high score awards were presented to Miss Kathleen Davis, Mrs. J. Earl Gidding and Mrs. Robert Jefferson. Mrs. Short was then presented with a lovely favor by her sister for which she expressed enthusiastic response.

There was a report of the "sunshine and cloudy day" committee, and this was followed by a report on the penny collection which was very good. It was also reported that the group netted a good amount on the sales tax stamps they had collected.

Mrs. Izle Hamilton then took charge of the program for the afternoon. Mrs. Burnett read the poem "Keeping the Flag." Mrs. M. Gilmer sang a vocal solo, "Heartache"; Mary Lou Sollars played a group of piano numbers including "Old Folks at Home," "My Old Kentucky Home" and "Home Sweet Home"; and Ellen Belt sang "Jesus Loves Me." The afternoon's program ended with two clever contests with prizes going to Mrs. Burnett and Mrs. Mattie Binegar.

Old Sports Rivals to Meet Here Sunday

Two traditional sports rivals will meet at Wilson Field Sunday afternoon when Greenfield's ball team come here to take on the Eagles in the fifth game of the Tri-County League schedule.

Over at Sabina, neighbors, separated by only a few miles and an imaginary county line will meet to battle for the mid-section of the league standing when the Milledgevilleans invade Recreation Park.

In the other loop game, the Good Hope outfit will be battling on its home lot against the team from Jeffersonville to get out of the cellar and get its first taste of victory.

The Eagles, undefeated in league competition, will be seeking their fifth win. But, admittedly, they will have their work cut out for them, because the Greenfielders can go into a tie for first place if they win. This game will mark the first meeting of the two teams.

The Good Hope boys, who have come up with some of the best defensive play in the league, have not won a game, but the fans are not only loyal but hopeful because

their team has never lost by any disheartening scores.

The Milledgevilleans also will be called on to put up an airtight defense if they expect to hold down the hard-hitting Sabinans. If they can do that—and, incidentally, get across enough markers of their own—they climb into a third place tie with the Clinton County outfit.

Carl Noon, the league commissioner, and Bob Bailey, the secretary, agreed the standing was set up for a possible quick shuffle as they emphasized that keen

competition in the circuit has surpassed their expectations. Given a fair shake by the Weatherman, they declared, "there's going to be some bang-up baseball."

WOMAN ASKS JOCKEY LICENSE TO RIDE IN BEULAH RACES

COLUMBUS, June 15—(AP)—The first woman to apply to the Ohio Racing Commission for a jockey license is Mrs. Wantha Davis of Chickasha, Okla., 28-year-old mother and the wife of a service man.

She said that since nothing can be found in state racing laws barring women from the saddle she was hopeful her license

would be granted in time to permit her to ride at Beulah Park Saturday, final day of the meeting at the nearby Grove City track.

Her application to the Commission was accompanied by newspaper clippings telling of her riding achievements at Oklahoma and Nebraska fairs.

And what do the men riders think about it? Jockey Charlie Clark: "It's all right with me." Jockey Colin Kneisley: "She'll have to take her chances with the rest of us."

COLONELS HOLD LEAD IN AA RACE

(By The Associated Press)

The American Association western clubs finish their two weeks invasion of eastern cities tonight and head for their home parks with the three top teams still waging a dog fight for the league lead.

Milwaukee was in the top spot when it left its Borchert Field late last month, hard pressed by Louisville and Indianapolis. In the interim, the Braves, Indians and Colonels each held first place. Currently the Colonels are front ranking, hanging onto the lead by the slender margin of five percentage points.

Louisville lost a chance last night to increase its margin over the idle Indians by bowing to Milwaukee to end a three game win streak. The Braves' 6 to 4 win, ending a three game losing streak, was fashioned on only seven hits as compared to 14 for Louisville. The Colonels' two errors and three hits figured in Milwaukee's four run second inning.

St. Paul evened its series with Toledo at two games each by blasting three Hen pitchers for 17 hits and a 9 to 7 victory.

Hal Swanson of Minneapolis won pitching honors for the night, settling down Columbus with three innings as his mates clubbed out nine blows off Pete Mazer for a 5 to 1 win. The Millers scored four times in the fifth while the Birds only run came in the sixth when Swanson was touched for two of the three Bird hits. Columbus committed five errors.

Movie Starlet's Husband Signs Up with Rams

CLEVELAND, June 15—(AP)—The Cleveland Rams of the National Professional Football League announced today the signing of Bob Waterfield, former U. C. L. A. quarterback and husband of movie starlet Jane Russell.

Waterfield, three-times All Pacific Coast conference selection, was the Rams' second choice in 1943 college draft but military service prevented his signing.

Rams' general manager Chas. Walsh declined to reveal terms but observed "the fact that Waterfield is married to Jane Russell did not make signing him any easier."

Pirates Slug Way to Lead While Giants Skid to Third

By JACK HAND

By the Associated Press

Pittsburgh hitting and jittery New York pitching have produced the inevitable result—the Giants have slid from first to third in the National League and the Pirates are roosting on top.

Bill Voiselle's ninth inning phobia, developed since Manager Mel Ott plastered a \$500 fine for not wasting a 2-0 pitch in St. Louis, continues to haunt the

young man from Ninety Six, S. C.

It troubled him again yesterday when the talented righthander failed to hold a one-run lead as Brooklyn clubbed across two scores in the last frame to hard him his fifth successive defeat, 5-4.

Since Voiselle's fine the Giants have copied only two games and lost 10. From a cushion of 17 games over the .500 mark on May 27, the club has slipped to a 28-21 record in less than three weeks.

Injuries to key men like Phil Weintraub and Nap Reyes have crippled Ott's once-powerful attack but the decline of pitchers Harry Feldman and Andy Hansen on top of Voiselle's failures have been the telling blows.

Frankie Frisch has the Pirates playing dashing heads-up ball and since the Fordham flash gave the batting order a thorough shakeup June 1, sending third baseman Bob Elliott to right field and Jeep Handley at the hot corner as a regular, the Buccos have won 10 of 14 contests.

Little Al Giofriddo, overlooked in early spring, has turned into a .339 hitter since taking over an outfield job. Handley is batting .366 and Elliott is leading the league in runs batted in.

Pittsburgh took two from Chicago yesterday to take the league lead. Max Butcher outbowed the Cubs in the first game, 5-2, but Rip Sewell had to have help from Xavier Rescigno before the Pirates swept the second, 6-5.

The Dodgers' triumph, the sixth straight, moved the Brooks into second spot, only a half step behind Frisch's gang.

The Phillies who snapped a 16-game losing streak Wednesday shellacked Boston, 13-8. Vince Dimaggio hit two homers.

Dizzy Trout made the mistake of throwing two home runs to Vern Stephens, one with a man on, and it cost Detroit a 3-2 loss to St. Louis, clipping the Tigers' American League lead to a half game.

Clem Hausmann handcuffed the Athletics with three singles but it took Leon Culberson's ninth-inning triple to give Boston a 1-0 game. Orval Grove doubled home the winning run for his seventh success and a 4-3 edge for Chicago over Cleveland.

The New York Yankees and Washington in the American and St. Louis and Cincinnati of the National had open dates.

Cleveland, Canton, Columbus, Dayton and Cincinnati so that it would benefit "the people generally."

Proponents of the center asserted ample provision had been made to assure use of the facilities to "better the health of Ohioans generally."

A floor amendment added \$500,000 to reimburse political subdivisions along the Ohio River and its tributaries for public property damage in last spring's flood and for expense incurred in keeping high waters out of cities. An allotment of \$1,000,000 previously had been approved by the Senate for that purpose.

A total of \$16,200,000 to match federal funds for highway and street improvements was set up by amendment to allocate \$8,000,000 for state highways; \$6,000,000 for urban areas with not more than \$1,500,000 for any one city, and \$2,200,000 to counties for secondary roads on an equal distribution basis.

The bill includes \$16,000,000 for expansion of welfare institutions; \$12,000,000 for state university buildings, and more than \$2,000,000.

Joe Medwick Now a Brave After Trade

By BILL KING

BOSTON, June 15—(AP)—In dire need of pitchers, the Boston Braves, who appear to be as eager to scatter baseball fortunes as Tom Yawkey did during his early years as a Red Sox owner, today had outfielder Joe (Ducky) Medwick and southpaw hurler Ewald Pyle on their roster.

According to Secretary Eddie Brannick of the New York Giants, erstwhile owners of Medwick and Pyle, those players came to the Braves in exchange for third-string catcher Clyde Klutts with no cash involved.

Meanwhile baseball circles are humming with the report that the Braves paid the St. Louis Cardinals \$100,000 for pitcher Mort Cooper while throwing in the amazingly revived Charles (Red) Barrett to boot.

It can be taken for granted that much money changed hands before Medwick and Pyle were swapped for the unneeded but capable Klutts.

Manager Bob Coleman expects to welcome Medwick and Pyle into his fold tomorrow, thereby tripling his immediate problems.

Coleman has decided to use Medwick in left field and shift Tommy Holmes, the majors' top batter with a .392 average, to the right garden. The Braves manager, however, hasn't decided about the middle spot in his outfield, which appeared to be functioning perfectly up to today.

The 33-year-old Medwick broke into the majors with the St. Louis Cardinals 13 years ago. He was traded with pitcher Curt Davis to Brooklyn in 1940 for \$125,000 and four players and, three years later, he moved on to the Giants, reported for the waiver price.

Pyle, obtained from Minneapolis, won seven and lost 10 for the Giants last season. This year, while being used strictly in relief roles, he has no record.

serious question exists whether, in the name of public welfare, a decision like this one should be allowed to stand."

turning veterans and civilians with jobs.

Only Reps. George P. Grusenmeyer (D-Montgomery) and L. C. Washburn (D-Summit) voted against the additions and betterments bill, which passed 117-2.

An attempt to delete \$5,000,000 for a medical center at Ohio State University ran into a flurry of opposition and the amendment by Rep. Michael J. O'Brien (D-Cuyahoga) was quickly tabled.

O'Brien asserted the money should be distributed among

-Spying- On Sports

By Hugh Fullerton, Jr.

NEW YORK, June 15—(AP)—Bill Hulse, who was rated as America's fastest outdoor miller before he went into the navy (Gil Dodds was better indoors) hopes to get into shape for the National A. A. U. Track Championships if he can find a track for workouts near his Norfolk, Va., station. "When he is stationed at Jacksonville, Fla., Bill trained on the beach and Dan Ferris suggested that he might adopt the Gunder Haegg routine and run through the woods." Morton Klein, who fights in one of the four-round preliminaries at the Garden tonight, is a medical student at N. Y. U. and also a capable musician. Even his manager can't understand why Morton wants to be a fighter.

One-Minute Sports Page

Carroll Widdoes, Ohio State grid coach, fired his best-kept golf score of 70 over the University Gray course the other day. He probably would settle for the same figures any Saturday next fall. The Yankees, badly in need of outfielders, may have to call up Steve Kuk, who recently reported to Newark, if they can't make a trade before tonight's deadline. Seems to be a choice between a Kuk and a Kluck.

Lt. Joe Patritz, ex-Notre Dame tub thumper, has been assigned to public relations at the Georgia Pre-Flight School. Joe's first report on the athletic program: "When they pin the muscles on these cadets (they get their wings later) they are either dead or really tough."

HEREFORD BULL TO BE WAR BOND SALESMAN HERE

MIGHTY SEVENTH TO BE EXHIBITED BY COMMITTEE

Chosen as Representative Of Soundness of Country Boys Are Fighting For

Let the big and frivolous cities have their colorful celebrities of the entertainment world...

The campaign admittedly has not been going as well as had been hoped. The War Finance Committee, headed by Carroll Halliday, agreed something was needed to stimulate interest...

Since the community is basically agricultural and since the products of the county's fertile soil are marketed in the form of livestock, it was felt that it was this field that should be turned to.

The problem was put up to Sam Marting, manager of the Bea-Mar Farms, owned and operated by him and his grandfather, S. C. Beasley of Washington C. H.

Putting his answer into action, Marting had 15 purebred yearling Hereford bulls brought into a small lot near the barn and waved his hand toward them saying simply "Take your choice."

Ray Brandenburg and Halliday of the committee and Frank E. Ellis, the committee publicist, who represented the committee did just that.

Marting merely smiled and said: "Well, you certainly can pick 'em... that, in my judgment, is one of the best in the bunch."

So, the blocky red youngster with the white face was driven into the barn and put in a stall where his grooming for a personal appearance tour started before the committee drove out the Bea-Mar Farms' front gate.

When the committee arrived at the Bea-Mar Farms, Marting was laying out the papers preparatory to registering the bunch of young bulls. He stopped and went into a huddle with the committee and they came up with a brand new name for the one they selected—he is to be known from now on as Mighty Seventh.

Mighty Seventh was sired by WHR Adventure 23, a western bull that has not only a flock of blue ribbons of his own but has sent many sons and daughters out to add to the family collection. His mother is one of the outstanding cows of the Bea-Mar herd, Princess Domino 5th, a producer of prize winners which have brought top prices at auction sales.

Herefords from this family, the committeemen said in elation over the prospects of being able to exhibit such a handsome youngster, have brought prices ranging upward from \$750 in sales of registered stock.

Mighty Seventh was taken from a herd that has built up a reputation of being one of the most outstanding east of the Mississippi River. After the winter Hereford show and sale in Denver, Marting was said by several prominent breeders to be the best in the eastern section of the plains states. He made his reputation by building up the Bea-Mar Hereford herd on the best blood lines of the breed. Approximately 400 purebred Herefords now roam

WANT CANNING PLANT WORKERS FIRST OF WEEK

Men, Women and Youths Are Needed Says Call From USES

Citizens of Fayette County are called once more to assist in packing food for the armed forces.

The Ladoga Canning Company will start packing peas about Monday, and has issued a call for all former employees, either full time or part time workers, to visit the United States Employment Service office, 104 East Market Street, and secure referral cards, at once.

This crop, although, not as large as former years, is nevertheless very essential and urgently needed for the service-men.

Government approved wages will be paid.

Persons now employed in essential industry as defined by the War Manpower Commission, are not eligible, except for part time work, with the approval of present employer, Harry Hyer, manager of the Ladoga Canning Company has expressed himself at all canner's meetings, as having complete confidence in the citizens of Fayette County answering his appeal, and has not requested any kind of outside labor.

the fields or fatten in the feed lots of the farm on the CCC highway west of Washington C. H.

Just what the committee will do with Mighty Seventh has not been said. But, it was indicated that when his personal appearance tour is completed, he will be on some Fayette County farm for the improvement of his new owner's herd.

Mighty Seventh is to make his debut next Saturday on the Court House square. A special trailer in keeping with his royal dignity is now being made ready for him. Next Tuesday, he will spend the day at the Producers' Stockyards and the following day he will be at the Union Stockyards.

In Mighty Seventh's entourage will be selected war bond salesmen to take orders for War Bonds.

What with the rains keeping the farmers on their toes to keep up with their between-showers work, it has been difficult for solicitors to make much progress in the rural sections of the county. Mighty Seventh is expected to bring them together in one place and to stand as a reminder of the soundness of the country which produced him and is now asking for the use of some idle money to carry on a war for self-preservation.

Mighty Seventh, the committee has explained, represents solid security just as do War Bonds—both insurance for the future.

Wayne Putnam of the social security administration will be the speaker at the Rotary Club Tuesday noon at the Country Club. He will discuss various aspects of the social security program and, it is expected, may include some specific information about the system in Fayette County.

BIG DINNER DAY AT CHILDREN'S HOME THURSDAY

Boy Who Left Four Years Ago For Air Corps Returns For Annual Affair

It was "big dinner day" at the Children's Home on the Devalon Road Thursday. It was the day when everything was shined up, the lawns were trimmed to perfection and the juvenile population turned out to welcome a group of men and women who look forward to the annual dinner as much as the children do.

There was drama there Thursday, too. Four years ago Herschel Plummer, fresh out of high school, climbed into a car from Patterson Field to enter the air corps on "big dinner day." Thursday he was back again, after four years as an air corps ground crew man. Two of those years he spent in England, keeping the bombers running which blasted Germany into submission.

It really was a big dinner, too—turkey, vegetables and dairy products all raised on the farm at the Children's Home.

The board of trustees of the home, the county commissioners and other interested people attended the dinner. It's an annual affair, not so much a business meeting as a get-together where the people who back the home can get a first hand glimpse of what goes on there, David Whiteside, superintendent, explained.

Mr. and Mrs. J. T. Perrill, Mr. and Mrs. Willard Story, Mr. and Mrs. Beryl Cavinee and their daughter, Lois, Mr. and Mrs. Percie Kennell and James Watkins, all members of the board of trustees and their wives; Mr. and Mrs. Jean Nisley and Mr. and Mrs. Thomas H. Parrett, county commissioners and their wives, were among those attending.

Other guests were Warren Williams, Ulric Acton, Mrs. Myron Jacobs and her daughter, Joan; Rell G. Allen, Mrs. Earl Leach, Miss Edith Gardner, Val McCoy and Jane Ann; Dr. W. D. Maag, and a representative of the state department.

SEVEN GET DEGREES AT POMONA GRANGE

Mrs. Schuyler Creamer, John Sheeley, Mrs. Ruth Sheeley, Emory Gableman, Harley Stratton, Mrs. Ethel Pleasant, and George Pleasant were the seven candidates who received the obligations from Ralph Nisley, past county deputy.

Mrs. Cora Grice was named winner of the house dress contest by Miss Margaret Watson, home demonstration agent, who judged the entries. Mrs. Wert Baughn rated second and Mrs. Ralph Hays third.

A Flag Day theme and a tribute to servicemen dominated the lecture hour program prepared by Mrs. Eldon Bethards. Included on the program was: Lois Cavinee, piano solo; readings, Mrs. Anna Creamer; piano solo, Miss Lavern Tway; vocal numbers; Boyer sisters; tribute to servicemen, Frank Grubbs; reading, Mrs. Mildred Ritter; and an accordion solo, Barbara Knedler.

Weldon Parlette, agency supervisor of the Grange Life Insurance Company, was the guest speaker. A menu and roll contest for the women will be a feature of the August meeting of the Pomona Grange. They also are to bake cookies for the Lions Club Canteen during August.

FIGHT ON STREET: TWO MEN ARRESTED

Clifford Blackburn, E. Temple Street, and Roscoe Riley, Willard Street, were taken into custody on North Fayette Street, in front of the City Building, Thursday night, and a charge of disorderly conduct placed against them.

They were to appear before Judge R. H. Sites sometime Friday, to answer the charges.

Mrs. L. L. Brock, Miss Mazie Kessler, Rev. and Mrs. John Glenn and a representative of the state department.

FUNERAL SERVICES HELD FOR FRANK C. STEEN

Funeral services for Frank C. Steen were held Thursday at 2 P. M. at the Kiever Funeral Home.

Burial was made in the family lot of the Washington C. H. cemetery. Pallbearers were L. R. Steen, S. W. Steen, George Steen and William Ranke.

The flag was folded by Rev. Parkin and presented to the brothers.

CONTINUED RAINFALL DAMAGES ALFALFA HAY

The series of rains recently caused extensive damage to the alfalfa hay crop in Fayette County, where a great deal of alfalfa had been cut and was ruined in the field before it could be cared for.

Thousands of acres of alfalfa are grown in Fayette County, and the hay was badly needed this year due to shortage of the timothy hay crop, as well as clover.
